Product Description

Inspired by the mixed French and Spanish styles of our early New Orleans history, this chandelier uses Silver and Gold to bring glamour and sizzling modern style to your space. The angled metal plates create the feel of a drum shape showing silver on the outside, and allowing polished gold to shine through once the lights are illuminated. Our glamorous design creates a look of timeless elegance that works beautifully in traditional, modern or eclectic interiors. A focal point for sure, this 6 light chandelier will add the perfect amount of light and style to your space.
